

Use of Pulaski Road School playgrounds after school

SCOPE is a childcare program that uses our building after school hours and provides a valuable service for many members of our school community. Mr. Quarcoo, Pulaski's SCOPE supervisor, works closely with me to ensure that this program is able to serve Pulaski students with limited disruption to other after-school activities. Mr. Quarcoo is incredibly flexible, and he regularly relocates his students to accommodate Pulaski's needs.

State regulations prohibit SCOPE from sharing space with other groups. Like many of our regulations, this is intended to improve supervision and ensure children's safety. Mr. Quarcoo recognizes that Pulaski is a gathering place for members of our community, and he reached out to me to create a plan that would allow both SCOPE and community members to use the playground after school.

The playgrounds will be available for use by parents, students, siblings and friends immediately after school every day (2:30-3:15). After 3:15 the schedule below will take effect:

Monday/Wednesday/Friday	3:15-6:30	Playground in use by SCOPE
Tuesday/Thursday	3:15-Sunset	Playground available for community use

Thank you for your help and cooperation in making sure that all our students are safe and are able to use our playground facilities!
