

Science and Gardening Club

Dear Parents,

The Science and Gardening Club is now open for fourth and fifth graders. The session will begin April 12th. We will meet on Thursdays, with the exception of April 25th, which is a Wednesday.

We will plant herbs and vegetables, weed and maintain our existing native grass garden bed. We will read stories, do activities, and learn about composting and the growing cycle of different vegetables. We will discuss and practice being cooperative and experience a day of bird watching. There will be 6 meeting dates. All sessions will run from 2:30-3:50. **Please be prompt for pick up.** Please send your child with an extra drink and snack on those days.

Meeting Dates – April 12th (Thurs.), April 19th (Thurs.), **April 25th (Wednesday)**

May 10th (Thurs.), May 17th (Thurs.), May 24th (Thurs.)

Please return the lower portion of this form by Wednesday, March 28th.

Sincerely,

Mrs. Mart & Mrs. Ronan
