**July 8 - 12 A Week of Maker Faire.**

where YOU are the maker. Be a Cosplay designer, a robot builder, an instrument manufacturer, a structural architect, and a moving machine creator.

**July 22 - 26 Superheroes Scream STEAM.**

Design your heroes and let's see their super powers soar.

**August 5 - 9 Make and Play.**

For all toy inventors, game-players, doll + stuffie lovers! We'll sculpt, draw, stuff, and print all sorts of toys and games that can be enjoyed long after camp.

**August 12 - 16 Green's the Way to Go.**

Let's learn to "go green" with rain gardens, native plants, and cool structures to attract wildlife.

**August 19 - 23 Project Planet: The Art of Reimagining.**

A bottle cap is not just a bottle cap. It's an alligator eye a game piece, a car wheel. We'll mash up recyclables, rethink things that would ordinarily be tossed aside.

**August 26 - 30 Power Up the Planet.**

Create some electric excitement with squishy circuits, waterwheels, wind turbines, solar generators, and chemical reactions.

**Free Summer Membership and Special Discounts Available for Camp Registrants**
